All the four are serving the society in the spirit of service rather than a monetary one. All the four of them decided to offer their services in the following manner:

(I)   Dr Rahul joined a multi-speciality private hospital.

(II)   Dr Pulkit established his own Nursing home.

(III)   Dr Monika started treating the children freely by going to the settlement (Huts) of poor people.

Ques 4Chanchal and Komal are two-twin sisters. They have completed their M.com studies. Now they are in search of employment. After a thorough study they decided to ste up a flour mill. Their main job was to purchase wheat from the market and have it ground into flour. Their flour was available in the packings of 5kg, 10kg and 50kg. They name their brand ' Maan Ka Dular' and also decided that would have only 8% profit on cost. Their activity of buying and selling became continuous (non-stop). In on time, their brand become popular in the market the main reasons of their popularity were `superior quality and low price `. Their business was running very well. But one day, their factory caught a terrible fire. They have to suffer a heavy loss. The brave sisters did not lose their heart. Gradually their business was back to normal. Now, they are fully satisfied with their business.

(A) On the basis of the information given in the above paragraph tell to which aspect of business is it related.

(B) Quoting the relevant write about five points in the context.

Ques5Mr Ravi Kumar is a sole proprietor. He has been doing wholesale business of tea for the last ten years. The brand name of his tea is'Kadak'. This is a popular brand of its region. For sometime now he has been worried about two issues. First, his business organisation comes in the unorganised sector; so people have little faith in him. For

example, if he wants to buy goods on credit form a trader, he is unable to do so easily. Similarity, if he wants to get a loan from some one, he is able to do so on very hard terms. Such a treatment by the people producers the inferiority complex in him. The second issue worrying him is that his responsibility in business is unlimited. If unfortunately he suffers a heavy loss in business, his business property and personal property both will be finished. He wants that he should get rid of their worries also. With this problem in hand, he contacts a business specialist. He suggests such a way out as removes all the problems of Ravi, Ravi adopts the new form of business quite happily.

In your opinion what advice might have been given to Ravi Kumar by the business specialist and why?

Ques 6To Delhi's 'golden garden' , some people used to go for walk in the morning. After the walk, they would often sit together and discuss the subjects like politics, demonstrations, elections, marhet prices of different goods, etc. there were about fifty persons in this group. One day instead of other subjects, their focus of discussion was ' market prices of different goods'. During the discussion, the emphasis laid on the point was that goods become very costly by the time they reach the consumers after getting transported from the producers. Consequently, everyone's budget is going wrong.. to get rid of this problems, some people suggested that they should join together to form society. The society would sell the goods to all the members as per their requirement after buying them in a large quantity directly from the producers. Doing so would enable them to get rid of the profit being earned by the middleman.
